

LECTURA GLOBAL ALUMNOS CON TEA

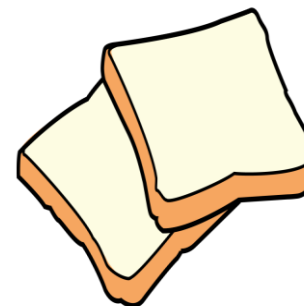

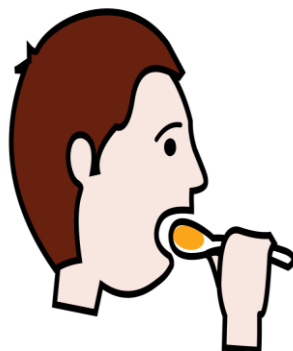

Las fichas que aparecen a continuación han sido diseñadas para trabajar la lectura global con alumnos/as con TEA, algunos de ellos sin lenguaje oral aprendieron a asociar imagen-palabra y después construir las oraciones de tres palabras.

La forma en la que he trabajado las siguientes fichas ha sido agrupando varias y recortando las palabras para después dárselas al alumno y que él las asociara con el pictograma.

Como podréis ver hay fichas en las que se repite un único pictograma, es así para que el alumno/a aprenda cuál es la palabra que representa a ese pictograma.

Espero que este material os resulte útil para trabajar con vuestros alumnos tengan o no algún tipo de dificultad.

Los pictogramas que aparecen en todas las fichas son de ARASAAC.
